PROFILE

From an early age, I held a long standing fascination with the curious fine details of the way music is linked and put together. Melodies would come to me –vivid and as clear as the morning sky. I can hear detailed and rich soundscapes in my head, and merely transcribe my fleeting imagination as it arrives. Now I have honed it into a razor sharp focus and have been steadily building my discography in the hopes of using my unique music to collaborate with others in the best way possible.
